EXPERIENCE

I am a passionate full-stack developer with expertise in both front-end and back-end technologies. With a strong foundation in HTML, CSS, JavaScript, and modern frameworks like ReactJS and Bootstrap, I specialize in crafting intuitive user interfaces and seamless experiences. On the backend, I excel in Node.js, Laravel, and PHP, delivering scalable solutions and APIs that drive functionality and performance.

EXPERIENCE

Full-Stack web Developer   2023-2024
Green Pay smc bahawalNagar

- Developed and maintained dynamic web applications, focusing on delivering scalable and high-performance solutions.

- Collaborated with cross-functional teams to design and implement features, ensuring seamless integration across the application.

- Optimized application performance and resolved complex technical issues, contributing to an enhanced user experience and successful project outcomes.
